Works for me, too. I will send a meeting invite.

Keith, has John provided the depositions he mentions yet?

Yes that works.

Let's all set up a time to discuss this project when you all had sometime to digest so we can discuss what the narrative will be that we are going to produce for John Lyon's and Andrew Helmlinger. I have some initial thoughts but still reviewing the materials he sent us.

Thanks,

Keith

Morning, Keith. Just last month, we did some real property research under the R9 Multi-Site TO for Montrose Chemical OU6 with an SSID of 0926. Is it okay if we charge our time to that same SSID and OU for the current Montrose work? I can send you the email string for the prior work, if helpful.

Thanks,
Traci

Thanks Keith!

There is not a SSID for this (at least yet).

And yes, bet to communicate with Andrew and cc Loren and me.
Thank you
John

Thanks John,

I'm on it. Got three (3) emails from you including the one below. Once I digest I'll get back with questions to either you or Andrew.

Should I report directly to Andrew with my preliminary findings/questions and copy Loren and yourself? I can remove you and Loren off the emails until I have a more formal assessment per our discussion this afternoon. I'll target a preliminary assessment to **start** and "perfect the narrative" by late next week.

What is the SSID and OU for this? I'll ask Anabel to load in my PPL.

Best,

Keith
